

BACKGROUND

The seed for the Black Votes Matter Tour is as a response to the lack of knowledge of black history and the civil rights movement. Effective leaders must learn and have respect for their own history. The Black Votes Matter Tour was designed to address this void. Since its original design, the tour has been continually enhanced including the pre and post tour experiences, the addition of tour content, the tracking of outcomes and enhancements and maximizing potential student outcomes.

OUR FOCUS

- To teach, inspire, & educate African American history & experience
- To transform participants through the experience to engage in community
- To Learn History, Respect History, and Go Make History
- To instill pride for Omaha

PRESTON LOVE JR.
